

Sustainability Practices & Impact Log

neOOne Associates embeds sustainability into its daily operations and long-term strategy. This document provides an overview of ongoing practices and their measurable impacts.

Environmental and Operational Practices

- Digital-first and paperless operations across projects and administrative processes.
- Hybrid and virtual facilitation to reduce travel emissions.
- Energy-efficient use of office space and digital infrastructure.
- Preference for local and sustainable suppliers.
- Continuous sustainability awareness among staff and facilitators.

Social and Community Practices

- Mentoring youth facilitators and entrepreneurs through neOOne programs.
- Partnering with public and private institutions to create sustainable learning ecosystems.
- Delivering programs aligned with SDGs, particularly SDG 4, 8, 9, 13, and 17.
- Promoting inclusivity and equal opportunity in learning environments.
