

Corporate Sustainability Commitment Statement

neOOne Associates is deeply committed to advancing sustainability through systemic design, purposeful innovation, and empowered people. Our actions are guided by our belief in “Growth for Good” —a philosophy that balances performance, purpose, and planet.

Our Core Sustainability Principles

- Lead with integrity in environmental and social responsibility.
- Embed sustainability into every learning and consulting solution we deliver.
- Collaborate across ecosystems to accelerate sustainable development.
- Foster resilience, inclusivity, and innovation in all our programs and partnerships.

Our Alignment with ISO and SDGs

neOOne’s sustainability framework aligns with ISO 14001 and ISO 14064 principles and supports SDGs 4, 8, 9, 13, and 17. These commitments reinforce our role as a responsible learning and development partner, driving transformative impact across organizations and communities.
